### Patented technology — unique, proprietary formulation

- Exceptional purity
- Premium quality

Nikken Lactoferrin Gold 1.8 is produced through an exclusive, patented technology that employs exhaustive purification methods to remove microorganisms and endotoxin compounds. It provides an unprecedented level of purity while preserving the prebiotic qualities of the lactoferrin.

This precision, advanced production technology requires approximately three liters (3.17 quarts) of milk to produce a single capsule of Lactoferrin Gold 1.8.

- Formula for total body support\*
- Assists in preserving a healthy intestinal tract\*
- Helps maintain beneficial bacteria\*

Lactoferrin is an essential foundation for life. It supports physiological functions including intestinal and immune system activity.\* Lactoferrin also enhances the body's natural antioxidant response.\*

As a prebiotic, lactoferrin can stimulate the growth of probiotic compounds that encourage production of the body's natural defenses.\*

## LACTOFERRIN GOLD 1.8®

- Ideal for everyone
- No lactose or GMO
- An alternative to high-fat dairy products

Lactoferrin Gold 1.8 is formulated for adults and children. Nikken Lactoferrin Gold contains no lactose, and is not prepared from genetically modified food sources. Lactoferrin Gold provides a daily supply of lactoferrin in capsule form instead of from high-fat dairy foods.

- Formulated for daily serving

One Lactoferrin Gold capsule contains 60 milligrams of pure, highly functional lactoferrin. One capsule per day provides a measured amount of lactoferrin based on United States Department of Agriculture calculations on average daily intake of lactoferrin derived from consumption of dairy products.

*A.S. Narain Naidu, Ph.D., Medicine is the creator of Lactoferrin Gold 1.8. Dr. Naidu has served on the faculty of universities in Europe, Asia and the United States. He is a fellow or member of numerous professional and scientific societies, and a research consultant to public health agencies and major corporations worldwide. "After more than 20 years of research and development in lactoferrin and biomedical science, I am delighted to be associated with Nikken in offering this next-generation breakthrough in nutrition technology — Lactoferrin Gold 1.8."*
